This approval is subject to the following terms and conditions:

1. The selected meter socket mounted transfer switch must be of a kind and type suitable for the intended application and approved for use by SWMEPA.
2. Installation and removal of the meter socket mounted transfer switch shall only be by the personnel of SWMEPA or its assigns. SWMEPA does not authorize or allow any other non-SWMEPA person or entity including, but not limited to members, property owners, installers, technicians, electricians and electrical contractors to remove seals from and/or access, enter into, open or modify active, energized meter installations. Should the member, owner, or their assigns need access to the internals of the meter enclosure, they must contact SWMEPA in advance and request the meter installation be de-energized and unsealed.
3. The member agrees to operate the meter socket mounted transfer switch and all associated and interconnected devices and equipment in a safe manner in accordance with the manufacturer's instructions, SWMEPA requirements, as well as local, state, and federal regulations and requirements.
4. SWMEPA or its assigns may uninstall the meter socket mounted transfer switch at any time and without prior notice should the device interfere with the operation of the SWMEPA system or hamper the delivery or metering of electrical power by SWMEPA. In the event SWMEPA must remove the device, it will be returned to its rightful owner.

5. SWMEPA assumes no responsibility or liability for damage to equipment, damage to property, or losses resulting from the installation, operation, or removal of the meter socket mounted transfer switch. The member and owner herein agree to hold harmless, defend, and indemnify SWMEPA and its assigns against any and all claims for damage or loss resulting from the installation, operation, or removal of the meter socket mounted transfer switch.
